

For the attention of customers and partners

GDPR

The EU General Data Protection Regulation (GDPR) with regulations governs SG Finans AS's access to process personal data in Norway, Sweden and Denmark.

SG Finans AS is committed to complying with GDPR and it is important for us that customers and partners can rely on that any data processing within SG Finans is relevant and secure and in accordance with mandatory regulatory framework as well as other professional standards.

The board of directors adopts a Personal Data Protection Governance. On this basis, SG Finans AS has drawn up detailed personal data protection regulations which are available all SG Finans AS's webpages. These regulations supplement the other terms of agreement which SG Finans AS has entered into with the customer and partners, and apply to all present and future cooperations. Furthermore, SG Finans AS has implemented internal GDPR standards and SG Finans AS will monitor the data processing by comprehensive and effective compliance programs.

SG Finans AS will delete or anonymize registered personal data when the purpose of the individual data processing has been fulfilled, unless the data must or may be retained after this, as prescribed in legislation.

SG Finans AS has designated a data protection officer (DPO), even though this is not a statutory requirement. The DPO will be SG Finans AS's representative and contact in all matters relating to GDPR and personal data. Contact details: dpo@sgfinans.no.

Yours faithfully,

Carsten Thorne
CEO
